

## **EFF STATEMENT ON RAMADAAN**

Thursday, 23 March 2023

As Muslims prepare to observe the holy month of Ramadaan, the Economic Freedom Fighters conveys its warmest wishes to our Muslim brothers and sisters, locally and abroad for a blessed and peaceful month.

This holy month reminds us of the noble values inherent in Islam such as compassion, mutual respect and humility.

We appeal to Muslims to continue to show solidarity with the poor, marginalised working class who are finding it increasingly difficult to make ends meet.

May the Muslims community continue to inspire us with the generous spirit of sharing and togetherness as we all prioritise with kindness the vulnerable, the poor and the marginalized among us.

Islam calls for unity among those who wish to establish a world where all of humanity can live in peace and enjoy a life of peace, equality, justice and free of oppression.

So let us stand together in solidarity in these trying times where the poor and are most affected by the failures of government in addressing our basic needs.

It is only through unity that we would be able to overthrow the corrupt government and put in place a government that would and strive to build a just and peaceful nation that could serve as a beacon of justice and fairness for the world.
