

## **EFF NAMES MPHO MAPHOPHA AS COUNCILLOR OF THE MONTH FOR MARCH 2023**

Saturday, 01st April 2023

The Economic Freedom Fighters (EFF) is pleased to name Councillor Mpho Maphoha as EFF Councillor of the Month for March 2023, after his selfless contribution to the community of Ward 21 in Elias Motsoaledi Local Municipality, Limpopo.

Councillor Maphoha was born and bred in Elias Motsoaledi, and has been a dedicated activist of the EFF since the year 2014. After meeting the school principal of Phaphamani Primary School in Jerusalem Village, which is in Elias Motsoaledi Municipality, Maphoha was informed of the difficulties children faced with regards to attending school, due to heavy rains and flooding of the route from the village to the school itself.

Councillor Maphoha accordingly took it upon himself along with members of the community to construct a bridge over the route, which would allow children to attend school. Unfortunately, out of pure political jealousy the ANC-ran municipality destroyed the bridge and has to date provided no alternative solution to the challenge confronting learners who struggle to go to school due to a hazardous route.

Despite these challenges, Councillor Maphoha has proven himself as exemplary and selfless, and is the EFF's Councillor of the Month for March 2023. Councillor Maphoha will be awarded with R50 000 to utilise for a developmental initiative of his choice.

The EFF encourages all Councillors to follow in his footsteps and lead from the front in solving the problems confronting our people. Let Us Rescue Our Communities!
