

EFF CONGRATULATES PITSO MOSIMANE ON HIS APPOINTMENT AS HEAD COACH OF AL WAHDA IN THE UAE

Wednesday, 21 June 2023

The Economic Freedom Fighters (EFF) extends warm congratulations to Pitso Mosimane on his recent appointment as the Head Coach of Al Wahda in the United Arab Emirates (UAE). This remarkable achievement is a testament to Mosimane's talent, dedication, and unwavering commitment to the sport of football.

Mosimane's appointment as the Head Coach of Al Wahda is not only a personal triumph but also a significant milestone for African representation in global football. By assuming this prestigious role, he continues to break barriers and pave the way for other African coaches to excel on the international stage.

The EFF recognizes Mosimane's remarkable achievements during his tenure as the Head Coach of Mamelodi Sundowns, where he guided the team to numerous domestic and continental triumphs. He further took his tactical acumen, and leadership skills to Al Ahly in Egypt and more recently, Al Ahli in Saudi Arabia.

Mosimane's appointment, however, serves as a reminder of the challenges and shortcomings within South African football, if our coaches

have to search for greener pastures elsewhere. South African Football Association (SAFA) has woefully neglected the pervasive systemic issues, including the inadequate infrastructure and the absence of viable pathways for aspiring players and coaches. Regrettably, even at the continental level, Bafana Bafana grapples to secure qualification for AFCON, underscoring the glaring absence of robust and far-reaching reforms within South African football.

The EFF is confident that Mosimane's wealth of experience, knowledge, and strategic prowess will greatly contribute to Al Wahda's success. His appointment reinforces the fact that African football talent is world-class and deserves recognition on a global scale.
