

EFF NAMES COUNCILLOR JULIUS MDLULI AS COUNCILLOR OF THE MONTH FOR JUNE 2023

Tuesday, 04 July 2023

The Economic Freedom Fighters (EFF) is pleased to announce the name of Councillor Julius Mdluli, from ward 55 in the City of Ekurhuleni in Gauteng as the Councillor of the month for June 2023, after his impressive work in his ward.

Councillor Mdluli has been a member of the EFF since its inception in 2013, and is well known in his region for his selflessness, commitment to uplifting the poor, and fearlessness in fighting against injustice. As a humble servant of the EFF, Councillor Mdluli became a PR Councillor in the City of Ekurhuleni after the 2016 Local Government Elections, and has not looked back since then. Mdluli has led service delivery in his ward in an exemplary manner that ought to be emulated by all.

Amongst the work he has undertaken, Mdluli operates a daily breakfast program at Goba Clinic in Ekurhuleni, where he provides meals for all those seeking medical assistance at the public healthcare facility. Mdluli further provides sanitary towels directly from his home for girl children who cannot afford them, and has additionally adopted seven indigent families, for whom he purchases groceries on a monthly basis.

Councillor Mdluli is hailed in his ward, even by members of other political parties, as being the most responsive Councillor to service delivery challenges

such as sewer leakages, the need for transport for medical assistance at night, crime, and housing challenges faced by the community.

Mdluli has proven that to be an EFF public representative is complete service to the people, and for his efforts and recognition as Councillor of the Month, he will receive R50 000 to use on a developmental initiative of his choice.

The EFF encourages all EFF Public Representatives to emulate this spirit, particularly in the month of the 10th Anniversary of the EFF, and Rescue Our Communities!
