

EFF WISHES PRINCE MANGOSUTHU BUTHELEZI WELL DURING HIS PERIOD OF ILL-HEALTH

Thursday, 03 August 2023

The Economic Freedom Fighters (EFF) wishes the Zulu Traditional Prime Minister, Prince Mangosuthu Buthelezi well, as he battles with ill-health. There have been reports that the founder of the Inkatha Freedom Party (IFP) has been hospitalised since the beginning of July 2023, and that his health has been unstable following surgery.

As Africans, it is our duty to wish Prince Buthelezi a speedy recovery during this difficult time, and we hope that all those attending to him, medical professionals and members of the Royal Family are by his side to keep him strong.

The EFF will keep Prince Buthelezi in its thoughts and prayers, and hopes he will be able to resume the important duties his nation has bestowed upon him.
