

EFF CONDEMNS THE ANCs INTIMIDATION AND POLITICAL INTOLERANCE IN DAMBUZA, KWA-ZULU NATAL

Sunday, 19 September 2021

The EFF condemns the pure thuggery of the ANC in Dambuza, Kwa-Zulu Natal, which tried and dismally failed to intimidate the President and Commander in Chief Julius Malema while he was on a campaign trail.

In clear desperation, and seeing that their political power is slipping away, the criminals and drunkards of the dying ruling party launched an attack on EFF members, also stripping away EFF gazebos and attacking our members who were exercising their democratic right to urge South Africans to register to vote.

The EFF wants to make it categorically clear that there are NO 'no-go areas' where the EFF can campaign and no amount of drunk and disorderly behaviour by foolish individuals will stop or prevent us from campaigning.

The ANC is resorting to violence and is demonstrating the highest form of political intolerance. The EFF is also aware that Blade Nzimande is from that particular area and he must know that if he is involved in those shenanigans alongside his yellow "communists", there will be serious repercussions. He must be warned that the EFF will never be bullied by bed-wetting drunkards who can see the EFF will be taking Dambuza. It can be seen that they are drunk on power; and their babalaz approach will be met with the necessary force it deserves.

The EFF also demands that the IEC TAKE APPROPRIATE ACTION AGAINST THE ANC TO RESTORE AND SET THE TONE THROUGHOUT THE COUNTRY FOR THE UPCOMING LOCAL GOVERNMENT ELECTIONS.

To the ground forces let's remain focused and ensure that every voting station is open and everyone is ushered to register to vote freely, fairly, and a peacefully. Fighters, let us not start fights, but let us protect and defend each other. Victory is certain.

No retreat, No Surrender!
