

EFF CALLS ON ALL MEMBERS TO INTENSIFY THE FINAL PUSH OF THE 1 MILLION MEMBERSHIP CAMPAIGN

Tuesday, 22 November 2022

The Economic Freedom Fighters (EFF) is pleased to announce that it has ran a successful 1 Million Membership Campaign since the beginning of 2022, signifying the first meaningful and genuine massive recruitment program by any political party since the dawn of democracy. The 1 Million Membership campaign of the EFF is based on the need to build an organic people's movement, with a membership that is armed with the necessary tools of analysis to champion the war for Economic Freedom in Our Lifetime.

Under the theme of The Year of the Branch, all structures of the EFF, from the Central Command Team, Provincial Command Team's, Regional Command Team's and the branches of the EFF have been interacting directly with the people of South Africa and recruiting them to join the Economic Emancipation Movement.

The campaign has been warmly welcomed by ordinary people in the villages, squatter camps, townships, suburbs , taxi ranks, factories and all spheres of society, and the EFF has an increased confidence that we will achieve decisive victory in 2024 and remove the corrupt government of the ANC.

As the campaign approaches the finish line, we call on all members of the structures of the EFF, all Members of Parliament and Provincial Legislatures and Councillors of the EFF across the country, to conduct an aggressive final push towards achieving the target of 1 Million Members. This target must be achieved, and it must be achieved by the 01st of December 2022

The EFF commends all Fighters who have dedicated their time, efforts and resources to this crucial campaign to achieve the organic growth of the organisation. It is now time to intensify and re-affirm the EFF as the only organisation with a verifiable and credible membership, towards total electoral victory.

Let us all head to the ground and build the EFF 1 Million Battalion which will deliver land, jobs, free education, free health care and free housing to our people. Let us build an organisation that will make those who fought for our freedom proud, and one that will be inherited by future generations.

It's the Final Push, Fighters Attack!
