

## **THE EFF REJECTS CYRIL RAMAPHOSA'S OPPORTUNISTIC ANNOUNCEMENT OF A HOLIDAY WITHIN A HOLIDAY**

Monday, 30 October 2023

The Economic Freedom Fighters (EFF) rejects Cyril Ramaphosa's opportunistic and deceitful announcement, where he purports to have announced a public holiday on the 15th of December 2023 in honour of the victory of the Springboks at the 2023 Rugby World Cup.

In a typical ANC fashion, Cyril Ramaphosa committed to give the people of South Africa a public holiday if the Springboks triumph at the Rugby World Cup in France, and now that the time to deliver has arrived, he has betrayed his own promises like the liar he is.

The 15th of December falls within a holiday period in South Africa, wherein a majority of labour intensive industries are already closed, schools are closed and many South Africans are home with their families. To make matters worse, the 15th of December falls before the 16th of December, which is deemed as the Day of Reconciliation in South Africa and is in actual fact an existing Public Holiday.

Ramaphosa has in a typical fashion tried to ride the wave of the Springboks victory and has now exposed himself as an opportunist who uses sporting moments to promote himself and the ANC, by placing themselves at the centre of a sporting victory with lies.

South Africans must reject his fake excuse of considering the matriculants who have started exams, because if he truly cared about the well-being of the learners writing their final exams, then he and his incompetent government would suspend load shedding so that learners can study, and not promise them a fake holiday.

This liar must be rejected along with his pretentious holiday, for lying to the nation and being an opportunist who exploits national celebration for political expediency!
